

JEB BUSH
GOVERNOR OF THE STATE OF FLORIDA

November 29, 2005

Dear Ms. Kane:

It is my pleasure to congratulate you on the 20th anniversary of the organization you founded, the Mustard Seed.

It is my understanding the Mustard Seed organization has evolved from your dream of wishing to help one family per month to supplying over a thousand families a year with furniture and seven hundred families with clothes. Over the course of a year, an estimated \$1.5 million of furniture, clothing and other household goods are distributed free of charge.

You are to be commended for your contribution to those in need in central Florida and the many agencies and churches that depend on you for assistance. Your humanity and selflessness are admirable. Thank you for using your talents in many special ways to meet needs.

Best wishes for continued success in serving your fellow man.

Sincerely,

A handwritten signature in black ink that reads "Jeb Bush".

Jeb Bush
