Dear Carol Kane,

Thank you so much for your donation of 68 couches and 48 chairs and mattresses. It was greatly received by the ministries in the most impoverished counties in the country. Which are in eastern Kentucky, West Virginia, Western Virginia, Tenn. And North Carolina. The average income is 14,000.00 a year. But rest assured all the ministries pre-screen all applicant before distribution. We aim to help people who are in great need of assistance that help for them is very far and few places that they can receive help from. Through your generosity we were able to send these things to help the people through no fault of their own struggle to meet the needs of daily life, And with our economies growing demise the need is much greater. Looking forward to doing more projects with you to help those in need in these impoverished communities. God Bless and thank you for your support.

Rev. "Catfish" Tom and Penny Sheipe
