The Mustard Seed
12 Mustard Seed Lane
Orlando, Florida 32810

The Mustard Seed is an organization that has made the difference in the lives of many people in this community. The Mustard Seed provides an important service. Your organization has made the difference between children sleeping on the floor of an empty apartment to having a comfortable bed to rest upon at night. All people need the basic necessities of life such as clothing and basic furnishings. Everyone wants a place to call home. A place where one can go and receive shelter from the storms of life. When that shelter is taken away (for whatever reason) it is a major loss of comfort and security. Many of our citizens are living pay check to pay check. A financial crisis can heave anyone into unemployment a family illness, getting laid off from a job, a hurricane with no insurance and a myriad of other situations. The Mustard Seed is a light in the harbor and provides a valuable service in the community. They give hope to the hopeless and a hand up to the person barely making ends meet.

So many people lose household furniture during hurricanes, due to apartments being condemned, homelessness and other disasters. Losing what one has with no way to replace it is devastating to a person attempting to keep their family together. Through your program of providing household furnishings to needy people the Mustard Seed has instilled hope in the lives of people who had given up. Mustard Seed is a symbol of hope and an invaluable community resource. It is a place where the neediest can go and be given clothing and furnishings to begin rebuilding their lives.

All people want to be independent and to provide for their families. Mustard Seed provides those in need the opportunity to regain independence and to become viable members of their community.

Sincerely,

Loretta Bosch, ACSW, LCSW
Nephrology Social Worker
