The Mustard Seed
C/o Angel Hardwick
12 Mustard Seed Lane
Orlando, FL 32810

To Whom It May Concern:

The staff and clients of Shepherd's Promise (formerly Good Shepherd Services) would like to express our most grateful appreciation to The Mustard Seed and are please to have the opportunity write a letter of support!

Mustard Seed has been an integral part of the success of the population Shepherd's Promise serves: homeless women with children. When a woman comes into our program with nothing, works hard to save money and learn from all the opportunities provided her, then leaves our program to move into her own apartment, it is a true blessing for her to receive a household full of furniture to help make that apartment a home! Mustard Seed provides that blessing. Shepherd's Promise clients work hard to gain self-sufficiency and independence, but are often still in need of some assistance (i.e.: furniture and household goods), and Mustard Seed never fails to come through!

There are many low-income households that reap the benefits from Mustard Seed. Shepherd's Promise clients are just a small handful of those people. It must be a collaborative effort between agencies in the Central Florida area to truly help low income or formerly homeless families, but Shepherd's Promise is pleased that Mustard Seed has taken one of the lead roles in helping make that happen! It is an honor to work with an agency as outstanding as The Mustard Seed.

Again, thank you for the opportunity to express our appreciation and support!

Sincerely,

Sister Mary Teresa Floyd, RGS
Executive Director
