Dear Mrs. Kane:

As you are aware, the Seminole County Sheriff's Office greatly values the partnership between our agency and the Mustard Seed. You repeatedly demonstrate your commitment to helping those less fortunate and can always be counted on to aid those in need.

We want to thank you for the important work that you do for the families of our community, which includes providing household furnishings for the home. Most people overlook the embarrassment a child feels and the emotional effect it has on their self-esteem when they are unable to have a place to invite friends without embarrassment of their living conditions. As a law enforcement agency, we are acquainted firsthand with situations involving young people living in unacceptable conditions, which could lead to the child making undesirable choices.

Please continue the good work you are doing for our community. We greatly value our close working relationship and assure you of our continued support in the future.

Sincerely,

Sheriff Donald F. Eslinger
