Re: Letter of Support

The Victim Service Center is pleased to write this letter of support to The Mustard Seed of Central Florida. This agency is an extremely valuable resource for our community.

Many times as we refer clients that have been going through crisis in their lives we can witness that this agency not only has provided household furnishings and clothing but has also enabled victims of crime to attain a sense of stability in a place where they feel safe and have the opportunity for a new beginning.

The services of The Mustard Seed of Central Florida are a definite asset to our community. We, at the Victim Service Center fully support their continued effort and support of all victims and look forward to continue working together in the future.

Sincerely,

A handwritten signature in blue ink that reads "Karl Rowley".
